

Ingenico Merchant Cleaning Kit

The Ingenico Merchant Cleaning Kit was designed to be a complete cleaning kit for small merchant establishments using Ingenico terminals. The products included in this kit will safely and quickly remove air pollutants, dirt, oils and other contaminants that inevitably migrate onto and into the terminals. Products included in the kit are:

- Six (6) Ingenico Cleaning Cards which will remove these contaminants safely from the card reader's read mechanism. The Ingenico Cleaning Card is the only cleaning card approved for use on all Ingenico terminal.
- Twelve (12) Ingenico Dual Wipes which will remove these contaminants safely from the terminal's chassis and keypad. The solution on the wipe is not only safe for the terminals, but it can also be used on any touch, LCD or plasma screen monitor. The Ingenico Dual Wipe is the only cleaning wipe approved for use on all ingenico terminal.

Ingenico Merchant Cleaning Kit

Benefits of using a Merchant Cleaning Kit

The Ingenico Merchant Cleaning Kit is designed specifically to remove pollutant buildup from the read mechanisms, chassis and keypads of all types of Ingenico terminals. When this build up is regularly removed, as a preventive maintenance regimen, it will aid in:

- Prolonging the life of the card reader
- Reducing keystroke errors from sticky keys
- Reducing manual entries
- Maintaining the speed and efficiency of the terminal
- Maintaining customer satisfaction

How to use a Merchant Cleaning Kit

Cleaning Cards:

- Insert the cleaning card into the smart card or chip and pin reader slot as you would a credit card
- Remove the cleaning card, flip it end-to-end and reinsert it to remove any remaining contaminants
- Use the same card in the swipe reader by simply swiping it through as you would a credit card
- Flip the card over and run the cleaning card through the swipe reader a second time to remove any remaining contaminants

Dual Wipes:

- Open the Step 1 wet wipe, wipe down the terminal screen, keypad and then chassis.
- Open the Step 2 dry wipe, repeat step 1 to remove excess solution and any remaining stubborn pollutants.
- Use additional wipes to safely remove fingerprints and other contaminants from any screen. Use the same two-step process for sparkling monitors.

Where to buy

The Ingenico Merchant Cleaning Kit is available directly through Ingenico or one of their many resellers. Availability may be subject to reseller's participation in this preventive maintenance program, so please ask your vendor about this product.
